

Dear Roxanne,

The Board of Directors and I are deeply grateful for your generous contribution of \$150.00 to the Lupus Foundation of America to honor the memory of Gigi Silva. Thank you for this gift which is critically needed to continue and expand our programs of medical research, education and patient advocacy.

We have, today, sent an acknowledgement card to Courtney McLean.

As you know too well, lupus is a cruel and challenging disease that is devastating to our loved ones. Perhaps the greatest promise we can make to you is that we will do everything in our power to find the causes and cure for lupus so that others will not have to endure the pain that accompanies the loss of those dearest to us. The Lupus Foundation of America is dedicated to bringing national attention and resources to bear upon this disease. We will leave no stone unturned as we seek to greatly increase funds to support a robust national medical research effort on lupus, educate physicians and raise public awareness and knowledge about the disease.

Your gift will sustain the memory of Gigi Silva and give others hope that lupus will be brought under control and a cure will be found!

Sincerely,

A handwritten signature in black ink that reads "Sandra C. Raymond". The signature is written in a cursive, flowing style.
